“GROW A GARDEN FOR YOUR BODY, MIND AND SPIRIT”

---

It seems as though our May meeting was only a couple of weeks ago. What happened to the rest of the month? Our speaker, Colleen French, could not give her presentation because her husband had been rushed to the hospital the day before. Happily, he is home and doing much better. We can now look forward to seeing Colleen at our September meeting. Despite her absence, we had a very special meeting thanks to the Club Design Program that Jan Dolan had organized. The arrangements that our members brought demonstrated the creativity, individuality and talent that are so abundant in the Farmington Garden Club.

June is providing a vast array of blooms for arrangers and gardeners who appreciate the bounty even more because of the Michigan winters that make it possible. **Our Past Presidents Tea** will start the month in a very special way. **Organized by Betti Pool and Nan Reid**, the event will be held at **Ginopolis Restaurant on the corner of Middlebelt and 12 mile Road** on Monday June 1 at noon. We are all looking forward to a good meal with good friends.

NOTE: The Holiday Tables meeting has been changed to Monday June 8, at 10:00 AM at Spicer House. Please change the date on your calendar.

Our **July picnic** will again be held on the Warner Mansion front porch. **Betty Beausoleil, Elaine Haskell and Ann Whitworth are the Hostess Committee.** Please bring your own place setting and a dish to share (either a luncheon salad or desert.) Beverages and a lovely atmosphere are provided.

We have no meeting scheduled for the month of August so just enjoy the summer. Then our 2009/2010-year will start in September. See you at the Tea.

A special thanks to all who participated in providing flower arrangements at the meeting in May. It's good to know that the lessons were utilized in your designs. Perhaps we will have another opportunity to share your talents. **Jan**

Have you taken the time to watch Betti Pool's garden grow? You don't have to be there in person, just go to [www.farmingtongardenclub.com](http://www.farmingtongardenclub.com) and see her front garden. I've been watching it grow over the past few weeks – it's almost fully leafed out. Jan
